

Join our Participant & Public Involvement group

Help us shape the future of Research and Development at Healios

We're looking for families with children aged five to 18 who live in the UK to participate in our Participant and Public Involvement group.

Did you know more than **1 billion people** worldwide have a mental health or neurodevelopmental disorder? Your contribution will help us improve the diagnosis and treatment of mental health disorders and neurodevelopmental conditions, so that we can effectively support more people around the world.

What will you do?

- in-person or online interviews
- focus groups
- surveys and polls

We will compensate you **£20 per hour** for your time as a thank you.

You can commit to as much or as little as you want, and your involvement will always be flexible - both when and how! We will work around your schedule and make sure your voice is heard.

Interested?

Click the button or scan the QR code to complete our survey.
